

To whom it may concern.

My name is David Stanworth I am the owner of SharkRobot LLC. I have had the great fortune of working with Randa Viets for 2 and a half years. She started out as a brand representative for my company traveling all over the United States and internationally to Canada. She quickly rose to the very top of her entire department overseeing 3 other brand representatives and 30 remote workers all over the USA and Canada. This is not an easy job. She handled tax forms from nearly every state, international import and export for our merchandise, Coordinated with many employees, handled air travel, hotels, rental cars for her entire team. She was trusted with 10's of thousand of dollars at many of the events she ran. Her team routinely did over a million dollars in sales yearly. This is no small feat of organization, intelligence and hard work.

And on a personal note she is an absolute pleasure to be around. You never have to worry when she is on the job she can absolutely handle anything thrown at her. I will truly miss her at Shark Robot, but I realize we are a stepping stone not a final destination for someone as talented and competent as Randa Viets. You would be foolish not to hire her for any position. I can't see the future to know what job she is applying for, but I can say for sure, she can do it.

Feel free to call me anytime with any questions you may have.
